Related Experience

YP.com, Atlanta GA April 2014 - September 2016
Senior Web Designer/Developer

- ✦ Contacted YP.com clients and created new cross browser compatible, responsive websites and made changes to existing websites, which were implemented using the Websplanet CMS/platform. Changes were input into Salesforce, workflows were created and completed.

YP.com/Randstad, Atlanta GA June 2013 - April 2014
Senior Web Designer/Developer

- ✦ Contacted YP.com clients and created new cross browser compatible, responsive websites and made changes to existing websites, which were implemented using the Websplanet CMS/platform. Changes were input into Salesforce, workflows were created and completed.
- ✦ Received awards for Best Attendance, Spirit Award and Kudos for going above & beyond.

AtHomeNet, Duluth GA August 2011 - March 2013
Web Designer/Graphic Designer

- ✦ Created websites for Association Communities using templates designed for .ASP pages. Helped update templates to industry standards. Used Salesforce to complete cases and tasks assigned to me.
- ✦ Contacted clients to discuss their vision of the website and created mockup versions in layered PSD's for sign off before production began. Sliced mockups up for Dreamweaver incorporating Flash or JQuery if needed and verifying cross browser compatibility.

AT&T/Technisource, Atlanta GA September 2010 - August 2011
Web Developer

- ✦ Engineered websites, using XHTML, CSS and eSite Builder. Recruited for special projects. Received 4 Kudos awards for going above and beyond normal duties.
- ✦ Created callouts, banners or any web graphics needed for clients advertisement of their site incorporating elements from thier Yellow Pages ad to tie them together.
