Quality Veterinary Care in Lansing

If you are a pet owner, you will need a veterinarian's care from time to time. If it's time to bring your animal to the veterinary clinic, but you don't know which one to choose, Riverfront Animal Hospital can make the decision simple. We are the top vet office in Lansing. Our pet hospital offers a host of treatments and services to pets, and we strive to offer our clients and their pets the most competent and compassionate care. Whether you're in for routine pet exams or to deal with an illness, we will help you navigate the best course of action for your pet's care and make them well. If your pet is a small animal, trust our respected pet doctor for treatment.

Vet Services

Our expert pet vet is a skilled medical professional, but at our vet clinic, we also staff an excellent team of animal health technicians who support the clinic and the pet doctor. When you come in for a pet checkup, you can expect to be treated with warmth by every member of the staff. We want your dog or cat to be healthy and happy, so you can rest easy with them in our care. Some of the services we perform most often include:

- Vaccines
- Wellness and preventive care
- Boarding
- Pet dental
- Full surgery
- Urgent and emergency care

We aim to make caring for your pet's health easy and stress-free. Investing in regular [pet preventive care](#) can go a long way in keeping your animal healthy.
